

## Prescribed Fire Public Information Fact Sheet

- Project Name: Border Units
- Information Contact: Mary Ann Atwood/ Donna Hart
- Date of Burn: Fall
- Location: Near Clearwater Lake to Moose Lake along the international border and is within the BWCAW.
- Project Size: 3500 acres.
- Project Description: The project area has blowdown from the 1999 storm. We will reduce the amount of blowdown and help prevent the spread of wildfires to surrounding areas. The project will be ignited by using helicopters. There will be multiple aerial resources assisting with operations. There will be ground personnel and wildland engines working in and around the project area.
- The Border Route Trail will be closed in the area of the burn during operations. Campsites and portages on Moose, Mountain, and Clearwater Lakes will be closed. The Clearwater Public Access may be closed during operations.
