

Prescribed Fire Public Information Fact Sheet

- Project Name: Meeds Lake
- Information Contact: Mary Ann Atwood/ Donna Hart
- Date of Burn: Spring/Summer/Fall
- Location: Unit 1 is located along the North side of Meeds Lake in the Midtrail area of the Gunflint Trail and is within the BWCAW.
- Project Size: 1626 acres.
- Project Description: The project area has blowdown from the 1999 storm. We will reduce the amount of blowdown and help prevent the spread of wildfires to surrounding areas. The project will be ignited by using helicopters. There will be multiple aerial resources assisting with operations. There will be ground personnel and wildland engines working in and around the project area.
- The Banadad Trail will be closed in the area of the burn during operations. Some campsites on Meeds Lake will be closed. Skipper Lake portages and campsites will be closed during operations.
